All menus can be altered or designed to your own preferences, starters and deserts can also be added to roast dinners at a small extra cost and deserts can also be added to the hot Mexican and Indian buffet.

Our Function room can seat up to 60 people for roast dinners and has a capacity of 100 for all other menu's. We are also able to decorate the room according to your function at extra cost.

The function room is available everyday throughout the daytime, however, it is used throughout the evening as a show bar most nights and is open to the public. Your function is welcome to carry on into the evening on these nights as long as you don't mind members of the public joining you. If you would prefer your function to remain private in the evening the room is not currently used on a Sunday, Monday & Wednesday night.

If you wish to discuss your requirements further please call in or telephone and ask to speak to Neil.
